NOTICE TO APPLICANTS FOR ADMISSION

USE OF SOCIAL SECURITY NUMBER

The University of Hawai'i ("University") is committed to safeguarding the privacy of personal and confidential information of its students, employees, alumni, and other individuals associated with the University. In the normal practice of conducting official University business, the University collects and maintains confidential information relating to its students, including a student's Social Security Number (SSN). The University requests that a student provide a SSN at the time of application to the University. The SSN is not required for enrollment, however, the University is required by federal law to report to the Internal Revenue Service ("IRS") the SSN and other information for tuition-paying students. Federal law also requires the University to obtain and report to the IRS the SSN for any person to whom compensation is paid. Due to the practical administrative difficulties which the University would encounter in maintaining adequate student records and processing financial transactions without the SSN, the University will continue to collect SSNs as permitted by law for official use within the University system. Providing the University with your SSN ensures that University programs and services are available with the least delay.

Students will be assigned a University-generated student identification number upon enrollment, which will be used as the primary identifier. The SSN will not be used as the primary identifier of students associated with the University. The SSN will be used in activities, including but not limited to, matching and reconciling documents in order to determine eligibility for admission and financial aid, to determine residency for tuition purposes, to comply with federal and/or state law reporting requirements (e.g. for financial aid, Internal Revenue Service mandates, Taxpayer's Relief Act of 1997, USCIS), and in accordance with the Family Educational Rights and Privacy Act. The SSN will not be disclosed to any persons outside the University system, except as allowed by law or with permission from the individual. This policy does not preclude, if a primary means of identification is unavailable, the University from using the SSN as needed to conduct official University business.

NONDISCRIMINATION AND AFFIRMATIVE ACTION

The University of Hawai'i is an equal opportunity/affirmative action institution and is committed to a policy of nondiscrimination on the basis of race, sex, gender identity and expression, age, religion, color, national origin, ancestry, disability, marital status, arrest and court record, sexual orientation, or status as a covered veteran. This policy covers admission and access to, and participation, treatment, and employment in the University's programs, activities, and services. For more information on equal opportunity policies, Title IX and ADA/Section 504 Coordinators, and University

complaint procedures, visit the following website: www.hawaii.edu/eeo, or contact:

SELECTIVE SERVICE REGISTRATION OF MALES 18 THROUGH 25

Males aged 18 - 25 are required by federal law to register with the Selective Service. Registration can be done via the web at www.sss.gov

EMPLOYMENT OF GRADUATES

Section 177.64 of the Rules and Regulations Governing the Guaranteed Loan Program (20 U.S.C. 1071 through 1087-1) requires that participating institutions make a good faith effort to present each prospective student, prior to the time the prospective student obligates himself or herself to pay tuition, with a complete and accurate statement about the institution, its current academic or training program, and its faculties and facilities, with

particular emphasis on those programs in which the prospective student has expressed interest. Further, in the case of an institution having courses of study, the purpose of which is to prepare students for a particular vocational, trade or career field, such statement shall include information regarding the employment of students enrolled in such courses, in such vocation, trade, or career field.

Accordingly, an applicant (prospective student) is advised to secure copies of the current catalog of each of the campuses of the University of Hawai'i at which the applicant is seeking admission in order to gain information describing the nature of the campus, its academic and student service programs, its faculties, and its facilities. Further, each applicant is advised to contact the Director of Placement at each of the campuses of the University of Hawai'i at which the applicant is seeking admission in order to gain information describing the potential for employment of applicants who enroll in the programs in which the applicant is seeking also to enroll.

Information on campus security is available upon request from the campus Admissions Office.

The refund policy is available upon request from the campus Business Office.

The table shows the percentage of full-time, first-time, certificate or degree-seeking undergraduates entering in fall semesters who have graduated or are still enrolled.

The rates are 6 years after entry for UH-Mānoa and UH-Hilo. For the UH-Community Colleges, the rates are for cohorts completing within 150% of normal time to completion. All rates are average rates for cohorts noted.

| | Average Rates | |

RESIDENCY REGULATIONS (condensed)

(The residency rules and regulations may be subject to change)

Students who do not qualify as bona fide residents of the State of Hawai'i, according to the University of Hawai'i rules and regulations in effect at the time they register, must pay the nonresident tuition. An official determination of residency status will be made prior to enrollment. Applicants may be required to provide documentation to verify residency status. Once classified as a nonresident, a student continues to be so classified during his/her term at the college until he/she can present clear and convincing evidence to the residency officer that proves otherwise.

Some of the more pertinent University residency regulations follow. For additional information or interpretation, contact the residency officer in the Admissions Office. The complete rules and regulations are available at the Admissions Office.

DEFINITION OF HAWAII RESIDENCY

A student is deemed a resident of the State of Hawai'i for **tuition purposes** if the student (19* or older) or the student (under 19*) and his/her parents or legal guardian have:

- (1) **Demonstrated intent** to permanently reside in Hawai'i (see below for evidences);
- (2) Been **physically present** in Hawai'i for the 12 consecutive months prior to the first day of instruction, and subsequent to the demonstration of intent to make Hawai'i his/her legal residency; and
- (3) The student, whether adult or minor, has **not been claimed as a dependent for tax purposes** for at least 12 consecutive months prior to the first day of instruction by his/her parents or legal guardians who are not legal residents of Hawai'i.

To demonstrate the intent to make Hawai'i your legal residency, the following evidence apply:

- A. Filing Hawai'i resident personal income tax return
- B. Voting/registering to vote in the State of Hawai'i

Other evidence, such as permanent employment and ownership or continuous leasing of a dwelling in Hawai'i, may apply, but **no single act is sufficient to establish residency in the State of Hawai'i**.

Other legal factors in making a residency determination include:

- A. The 12 months of continuous residence in Hawai'i shall begin on the date upon which the first overt action (see evidences) is taken to make Hawai'i the permanent residence. Residence will be lost if it is interrupted during the 12 months immediately preceding the first day of instruction.
- B. Residency in Hawai'i and residency in another place cannot be held simultaneously.
- C. Presence in Hawai'i primarily to attend an institution of higher learning does not create resident status. **A nonresident student enrolled for 6 credits or more during any term within the 12-month period is presumed to be in Hawai'i primarily to attend college. Such periods of enrollment cannot be applied toward the physical presence requirement.**
- D. The residency of unmarried students who are minors follows that of the parents or legal guardian. Marriage emancipates a minor.
- E. Resident status, once acquired, will be lost by future voluntary action of the resident inconsistent with such status. However, Hawai'i residency will not be lost solely because of absence from the State while a member of the United States Armed Forces, while engaged in navigation, or while a student at any institution of learning, provided that Hawai'i is claimed and maintained as the person's legal residence.

BOARD OF REGENTS EXEMPTIONS

1. Nonresidents may be allowed to pay resident tuition if they qualify as one of the following:

- A. United States military personnel and their authorized dependents during the period such personnel are stationed in Hawai'i on active duty
- B. Members of the Hawai'i National Guard and Hawai'i-based Reserves
- C. Full-time employees of the University of Hawai'i and their spouses and legal dependents
- D. East-West Center student grantees pursuing baccalaureate or advanced degrees
- E. Hawaiians, descendants of the aboriginal peoples that inhabited the Hawaiian Islands and exercised sovereignty in the Hawaiian Islands in 1778

2. Citizens of an eligible Pacific island district, commonwealth, territory, or insular jurisdiction, state, or nation which does not provide public institutions that grant baccalaureate degrees may be allowed to pay 150% of the resident tuition. At the time of publication, these included the following:

American Samoa
Commonwealth of the Northern Marianas
Cook Islands
Federated States of Micronesia
Futuna
Kiribati
Nauru
New Caledonia
Niue
Republic of Palau
Republic of the Marshall Islands
Solomon Islands
Tokelau
Tonga
Tuvalu
Vanuatu
Wallis

This list is subject to change. For a current list, eligibility and documentation requirements, please contact the Admissions Office of the campus you are applying to.

MISREPRESENTATION

A student or prospective student who provides incorrect information on any form or document intended for use in determination of residency status for tuition purposes will be subject to the requirements and/or disciplinary measures provided for in the rules and regulations governing residency status.

APPEAL PROCESS

Residency decisions may be appealed by contacting the residency officer for information on how to initiate an appeal.

*The age of majority is 18 years. However, a person between the ages of 18 and 19, unless emancipated, cannot claim residency solely on the basis of himself/herself because he/she does not have the minimum 12 months residency which commences on his/her 18th birthday.

The 10 campuses of the University of Hawai'i System share the same application database. Therefore, **one** application form can be used to apply to either a baccalaureate degree program or to a community college program.

If you are accepted at UH Mānoa, UH Hilo, UH West O'ahu, or a UH Community College, you will also be eligible to enroll in unrestricted courses at any Community College campus or Outreach College at UHM. (Enrollment at UH Mānoa, UH Hilo and UH West O'ahu requires a separate application form and supporting documents.)

To apply online, please visit www.hawaii.edu/admissions

The **System Application Form** cannot be used to apply for financial aid or on-campus housing. Obtain proper forms from the Financial Aid Office or Housing Office of the campus to which you are applying.

PRIORITY DEADLINES

You will be given priority consideration if your **System Application Form** and all other required materials are submitted or postmarked by the specified deadline. International applicants should contact the campus admissions office for application deadlines.
